

FAQs

- **Inclement weather policy**
- In case of heavy rain and/or thunder and lightning, we will immediately halt the class and seek shelter. The safety of your child is our biggest concern. If weather is a concern the day of class, we will monitor it during the day and do our best to let you know via email at least an hour before class time if it has to be canceled.
- **Do you offer make up classes?**
- No, that's why we have multiple days of programming every week.
- **How do I sign up for the program?**
- Click on the links on this page. Any questions, feel free to contact Neil Thompson.
- **When can I start the program?**
- Sign up is always open and ongoing. Bring your junior along to a class (the first class is ALWAYS FREE) to see if they and you like it. We will evaluate them (within a week) and then place them in the appropriate class.
- **Is the program year round?**
- Yes.
- **What are schedules and class times?**
- See the link on this page. We always least schedules at least three months in advance to help planning.
- **What if my child has to miss a month of the program?**
- This is fine, but please let us know in advance of the first of the month they will miss. If you adhere to this strict deadline, your credit card will not be charged for that month. After the first of the month in questions, there will no refunds.
- **Where does my child go for the program?**
- Park at the far end of the parking lot at Oxmoor Valley and follow the signs to the Academy of Golf which is beyond the main driving range and adjacent to the first green on the Short Course. It is about a 300-yard walk.
- **Are parents allowed to attend?**
- Yes. We have viewing bleachers and shaded areas from which to watch, if you would like to stay and do so.
- **Does my child need golf clubs, golf shoes, etc.?**
- Initially no, as we provide everything they will need. However, many

juniors do have clubs, but they are not required. We have both right- and left-handed clubs for them to use. As a junior progresses we very much encourage that you purchase them some clubs. We fit and sell the complete and extensive line of U.S. Kids Clubs, the leader in junior clubs, at very competitive prices. Also, golf shoes are not required. Tennis shoes are fine.

- **How many instructors are at the classes?**
- We always have two PGA professionals at all classes and often have three there. We also always have one, and sometimes two, fitness trainers onsite.
- **Are drinks provided?**
- Yes, we have water for juniors and any adults who stay to watch.
- **Can my junior play the Short Course at any time?**
- This is one of the biggest perks of the program. Their annual TPI membership, which is paid in the Oxmoor Valley pro shop, gives them unlimited play on the Short Course and a daily bucket of range balls. They will receive a RTJ Junior Pass which will have their photo on it and an expiration date. They will need this pass any time they get range balls. Range balls are for the junior ONLY. They will also always need to call the pro shop (942-1177) to book their tee time.
- **Do you offer any competitions?**
- Yes, we try to schedule at least a competition a month, with almost all of the play on the Short Course. At certain times of year competitions become more frequent based on course availability.
